Department employees herein provided for shall, without deduction in salary be entitled to receive not exceeding twelve days vacation, exclusive of Sundays and legal holidays on which State offices are closed, for each State's fiscal year, such vacation period to be mutually agreed upon by the head of each department with his employees.

Provided, no employee for whom a salary is herein appropriated shall receive compensation while on vacation, unless he or she has been an employee of the particular department of which a request is made, for not less than six calendar months.

Provided that Saturday afternoon of the months of June, July, and August shall not be construed to be a part of the twelve days vacation provided for above.

The following rules shall be observed by all employees in rendering their expense accounts to the head of the department wherein they are employed before an expense account shall be paid from appropriations herein made for "traveling expenses" for employees:

1. There must be a concise statement of the duties performed and the points from which, and to which, the employee travels, the

hour of arrival at and departure from the designated post of duty and all other towns visited and the object of such visit and the specific expenses incurred shall be clearly shown.

2. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

4. A receipt for each item of expense in excess of \$1.00 shall be attached to accounts rendered to department.

The use of railroad scrip books and other forms of transportation provided at the expense of the State for the heads of all State departments and institutions and their employees, except passes authorized by law, are hereby prohibited and hereafter all railroad and other transportation shall be paid in cash and properly listed in expenses accounts rendered. The tax exemption certificates shall be used in all cases where the State is exempt from the payment of Government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

### STATE PENITENTIARIES.

The proceeds of all convict labor on farms and elsewhere, the proceeds of all manufactured products, all farm products, and all other proceeds of the penitentiary system and of all other sources connected therewith, or so much thereof as may be necessary, are hereby appropriated for the maintenance and support of the penitentiary system, including buildings, farms and improvements, and repairs on same for the years ending August 31st, 1922, and August 31, 1923, out of which fund shall also be paid any indebtedness of said system not otherwise provided for by specific appropriation, as well as the expenses attached to conveying convicts to the penitentiaries and farms. Said funds shall be deposited with the State Treasurer and paid out as provided in Article 6188 and 6192 of the Revised Civil Statutes of 1911. The Prison Commission shall cause to be made on the first of each month a detailed statement of all receipts from whatever sources during the preceding month, together with statement in detail of all disbursements for any purpose whatever, and also of all obligations incurred by the commission during said month. Said statement shall also show balances, if any, on hand in bank and in State Treasury; said statement shall be verified by the prison auditor, and one copy shall be filed with the Governor, one with the Comptroller and one shall be filed in the office of the Prison Commission.

Provided that no money herein or hereby appropriated for any purpose shall be paid to any person directly or indirectly who is not, at the time of receiving such pay, remuneration or emolument, a citizen of the United States under the laws of the United States; provided, however, that this Act shall not apply to any person, who is not a citizen of the United States, under the naturalization

laws of the United States, who has resided in Texas for a period of ten years, and who shall, within thirty days, after this Act shall take effect, make application to become a citizen of the United States, and who shall within two years, after making such application become a citizen of the United States, under the naturalization laws of the United States.

Provided further that it shall be the duty of the heads of the departments to change any employee of his office to any desk or place when necessary to keep all employed.

SEC. 3. The fact that the Regular Session of the Thirty-seventh Legislature adjourned without passing the General Appropriation Bill, and the further fact that public policy requires that proper provision be made for the maintenance and support of all State institutions and departments with as little delay as possible, and this bill, being one of the regular appropriation bills, and the near approach of the date of adjournment of this Special Session creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

[NOTE.—The enrolled bill shows that the foregoing Act passed the Senate, yeas 25, nays 2; and passed the House with amendments, no vote given. And that the Senate adopted the report of the Conference Committee, yeas 26, nays 0; and that the House adopted the report of the Conference Committee, no vote given.]
